Dr H. G. Burlingh,
Bath, Ont.

Dear Dr. Burlingh.

Yesterday I spent a most enjoyable afternoon with Mrs Thompson in Picton looking over books, records, etc. I was referred to her while making an effort to trace my ancestors on my father's side. She was able to give me some information & referred me to you because you might have more details.

Supposedly the first of the family in Canada - an Isaac Mintz - settled in Prince Edward County sometime after 1771, coming from Pennsylvania.

From Mrs Thompson's records I found that he married a

daughter of Peter Collier - Lavinia -
(a British Army officer) in Adolphus-
town in 1821 and settled in
St Marysburgh

I was wondering if I could
come up to Bath to see you - either
some weekend or I could make it
sometime during the week except from
Aug 28 to Sep 8 when I will be at work
full time.

Would you please advise when it
would be convenient for you.

Thank you,

Yours truly,

June Attfield

(Mrs. C.).

364. Evidence on the Claim of Henry Metz, late of Williams Borough,

Fryon County, N. Y. Province. Montreal, 21 Feb., 1788.

Claimt sworn:

Says he was a Soldier in Sir John Johnsons 2nd Batal in 1783 & was
on duty at Cataraqui. He sent a claim to England by Capt. Gummersal
& to Halifax.

When location tickets were drawn from the officer's hat in the Summer of 1784, Henry and John drew adjacent lots, the former receiving the west half and ~~the~~ the latter the east half of lot 4 in the 3rd concession additional, which is in that portion of Fredericksburgh Township which was taken from Adolphustown at the settlement. John Mitts was the only one owning land in 1808, when the first tax list was prepared. At that time he owned 200 acres, of which 40 acres were under cultivation. At that time he owned 3 horses, 4 cows and 4 horned cattle.

Little additional information is recorded of Henry Mitts, except for a list of his children, and the fact that he removed to Thurlow Township, which must have been before 1808. A review of land records, etc., of that township might bring forth additional information. The name of his wife is unknown. His known children were:

1. Abraham, of Portland Township, who drew 200 acres of land by Order-in-Council dated 7 Aug., 1834.
2. Elizabeth, who drew 200 acres of land by Order-in-Council dated 7 Aug., 1834.
3. Reuben, of Loughborough Township, who drew 200 acres of land by Order-in-Council dated 7 Aug., 1834.
4. David, of Loughborough Township, who drew 200 acres of land by Order-in-Council dated 7 Aug., 1834.

John Mitts, who remained in Fredericksburgh, married Yanosha (Yannotshay) Garnire, of Ernesttown Township, on 11 March, 1789

HENRY and JOHN MITTS, U. E.

Henry and John Mitts, privates in the 2nd Battalion, King's Royal Regiment of New York, settled in Fredericksburgh with their regiment in July, 1784. The War Office Papers, in a roll of the 2nd Battalion, states that Henry was 38 years of age, while John was 19. They may have been brothers, cousins or father and son. Both were born in America and were residing in Williamsborough, on the Mohawk River in New York State. The roll from which this information was taken was made in January, 1783, which shows that Henry was born in 1744, and John in 1763. At that time Henry had served 2 years and six months, while John had served 2 years. In addition, there is a record of the enlistment of Joseph Mitts on 24 August, 1783. Joseph may have been related, but nothing further is known of him.

The War Office Papers state that Henry Mitts enlisted 25 Oct., 1780. John's enlistment date is not shown, but must have been in Dec., 1780. Both served with their battalion during its service as garrison at Oswego and at Carleton Island. Both spent the fall, winter and spring of 1783-84 as garrison at Cataraqui, when this post was being rebuilt to receive the Loyalists when they came on the St. Lawrence in May and June of the latter year. Both were discharged when their battalion was disbanded at Cataraqui on 24 June, 1784, and both participated in the first settlement in Fredericksburgh Township in that summer. The Muster Roll of Disbanded Soldiers and Loyalists in Fredericksburgh on 6 Oct., 1784, tells us that Henry and John Mitts, both single, were settled on their lands.

Henry Mitts was the only person of that surname to make a claim for loss of property in the revolution. In his claim he stated that he was a native of America and was with his battalion (at Cataraqui) in 1783. In 1775 he was living at Williamsborough on land belonging to Col. Daniel Claus. He had no lease of this land but had cleared 8 acres. There was a good house on this land, and here his father kept a tavern, all of whose liquors and provisions, to the value of £ 35 had been destroyed by General Schuyler's rebel soldiers in 1776. He claimed that the house was worth £ 55. Henry also was a witness to the amount and value of the property of John Pickel, his neighbor in Williamsborough.

He is a native of America. In 1775 he lived at Williams Borough. He remained in the States until 1780 during which time he was obliged to turn out in the Militia.

When he came in to Canada he enlisted in the K. Regt. N. York & served the remainder of the war.

He now lives in the Bay of Kquenty.

He had 8 acres cleared. He was promised a Lease from Coll. Claus. He had lived 14 years there. There was a good House on it. His Father kept a Tavern. There was a good house on these Lands. He claimed 155 Cury for the House.

Gen, Schuylers Army destroyed all his Liquors & provisions 135.

Wits John Picknell sworn:

Remembers Claims House. He kept Tavern. He had 8 acres of Land cleared. The House was valuable & Gen. Schuylers Army took all his Liquor & Provisions in 1776.

Hy. Metz wits. for Claim of John Pickle, late of Williams Borough.
